11/68

My unofficial source in Dallas, who has excellent FBI connections and relations, told me that the federal government immediately closed certain angles and doors, that those things it was known should be looked into were not.

N,Y. Phone call 11/22/63, 5 p.m., my note doesn't say whether it is hers, possibly to Abt, Oswald's, or anothers.

Hunt did not go to Mexico, was not with Walker (of whom he is not fond), but went to Washington about 5 p.m. 11/22/68. Paul Rothermel was concerned, so he contacted his Bureau friends, who told him there was reason for concern (one thing he cited was a speech by Sen. Maurine Neuberger). It was on this basis that he got Hunt to leave Dallas. My recollection is it was for a month.
